Faculty members are subject to assignment in both day and evening classes on or off of their "home/main" campus, provided that the combined teaching load does not exceed eighteen contact hours per week. For Faculty teaching in "lecture only" courses in Academic disciplines, 15 contact hours per week (five 3-hour classes) define a "full load." For Faculty teaching "lecture+lab" courses (Biology, e.g.), 18 contact hours per week (3 classes with accompanying labs) define a "full load." An adjustment may be made for additional duties or for various class/lab combinations at the discretion of the college administration. No reduction is made in teaching load for committee assignments unless exceptional circumstances arise. Exceptions must be approved by the appropriate Dean or the Vice President of Academic Affairs. Load sheets are submitted electronically by individual Faculty members to the Vice President of Academic Affairs office at the beginning of each semester.

The full-time teaching load for "lab-only" faculty members shall be six (6) labs.

### **OFFICE HOURS**

Full-time instructors with academic assignments are required to be on campus at least thirty hours per week. Instructors with a teaching load of fifteen contact hours are to schedule at least fifteen hours per week as office/on-campus hours, and those instructors with a teaching load of eighteen contact hours are to schedule at least twelve office/on-campus hours per week. One (1) of the office/on-campus hours must be reserved for institutionally directed purposes such as assessment/planning activities and professional development. This hour is not necessarily scheduled on a weekly basis but rather to be counted in a total of eight (8) hours committed to these purposes over the course of a semester.

The office/on-campus schedule should be: (1) posted on the office door of the instructor, (2) included in the course syllabi and (3) submitted to the Division Chair and the Vice President of Academic Affairs as part of the Load Sheet.

- h. Five (5) hours of a faculty member's office hour requirement may be designated as online office hours and may be held off campus. Online courses with extensive student contact via email, electronic chats, or additional activities, may have the required additional on-site office hours reduced by submitting a Conversion of Posted On-Campus Office Hours to Electronic Office Hours form to the appropriate Dean.

Any student who wishes to make a formal complaint to the college should refer to the Student Handbook, which is available online at <http://swtjc.edu/pages//about-swtjc/handbooks/student-handbook>.

### **B. Counseling and Advising**

Distance education students can access the same advising and counseling as their traditional counterparts. With offices on the Crystal City, Eagle Pass, Del Rio, and Uvalde campuses, the Counseling Centers assist students with academic, technical, career, and personal concerns in ways consistent with their personal and educational goals, and in ways which benefit them currently and in the future. Students needing specific support services should contact the Counseling Center, (830) 591-7366.

### **C. Student Success Services**

Distance education students can access the same student success services as their traditional counterparts. Services include tutoring, study plans, study groups, resource libraries, computer labs, university preparation, and transfer advising. Writing feedback and tutoring are offered online to off-campus, distance education students via the Writing Centers.

## **D. Library Resources**

The college ensures that students participating in distance education courses have access to adequate and appropriate learning resources. Students have access to the SWTJC libraries and also the virtual library resources. The home page for the SWTJC libraries is <https://library.swtjc.edu/>.

## **College Bookstore**

Information concerning the college bookstore can be accessed at its home page, <http://www.swtjcbookstore.com/home.aspx>

## **COMMITTEE ASSIGNMENTS**

Faculty members are assigned to various committees. Some assignments are made at the beginning of a given semester. Others are made during the regular school year as the need arises. Some committees are by circumstance more active than others. Committee assignments are an integral part of the instructor's work load and professional responsibility. This requirement assists in the overall operation of the College. No reduction is made in teaching load for committee assignments unless exceptional circumstances arise.

## **E. College Transportation**

The college provides college-owned vehicles to faculty who are teaching classes at other sites on a previously arranged basis each semester based on vehicle availability and the overall transportation needs of college personnel. Faculty members are expected to follow the policy on using college-owned vehicles. Any violation of this policy may result in the faculty member having this privilege removed and/or further administration action. [Policy](#)

## **FACULTY REGULATIONS AND PROCEDURES**

### **CLASS SIZE**

#### **LIMITATIONS**

The following policies on class size apply to all classes.

1. An effort is made to limit Freshman English classes to twenty-five students and most academic classes to thirty-five students. Exceptions may be made by special arrangements.
2. Generally, a minimum of ten students is required for a class to be held or “make.”
3. Exceptions to the above policy will be made by the Vice President of Academic Affairs, the Campus Vice Presidents, or the President of the College with the six factors that are listed below taken into consideration.
  - a. The total number of students enrolled in that department.
  - b. The contact hours earned by the student enrolled.
  - c. The department budget expenditures.
  - d. Future enrollment projections. (e.g., small STEM class sections may be allowed to promote STEM majors).
  - e. Student need for graduation requirements.
  - f. The needs for the department to assure more diversity in course offerings for the institution.
4. Classes taught through instructional telecommunications (interactive video) are limited to fifteen students per site not to exceed 45. Exceptions may be made by special arrangement.

#### **ADEQUATE ENROLLMENT**

Class enrollment in each department should be adequate to warrant the number of instructors assigned a full teaching load in that department. Adequate enrollment for a department shall be determined by a committee composed of the President, the Vice President of Academic Affairs, the appropriate Dean, and the appropriate Division Chair. The factors to be considered in determining adequate faculty shall be the six items listed above in #3.

## **FACULTY REGULATION AND PROCEDURES EXAMINATIONS, GRADING AND WITHDRAWAL**

### **EXAMINATION FINALS AND MAKEUPS**

Final Examinations will be scheduled by the Registrar; all others by the instructors. Departures from the Final Exam Schedule must be approved by the appropriate Dean, the appropriate Vice President, or the Vice President of Academic Affairs. Examinations missed as a result of absences not specifically excused through proper channels may be made up only with the consent of the instructor. The instructor is responsible for clearly stating his/her exam make-up policy in each course syllabus. The student is responsible for making arrangements with the instructor to take make-up examinations when allowed.

Instructors should post final examination and semester grades only through the approved electronic vehicles (currently Canvas and WebAdvisor). Instructors must observe privacy rules and regulations provided through the Family Educational Rights and Privacy Act (FERPA) or otherwise provided by College policy.

The nature and content of examinations are left to the discretion of the instructor.

Some departments require common final exams. In this case the departmental instructors work collaboratively to develop the exam.

### **EARLY CLASS DISMISSAL**

Other than for online courses, instructors are expected to hold all classes and laboratories for the entire scheduled times. It is against the policy of the college for classes to be dismissed early unless scheduled tests absorb over half of the period. A ten or fifteen minute quiz does not justify dismissal of a class.

Online courses should be designed to require instructors and students to invest time, effort, and preparation similar to that required for success in 'face-to-face' courses.

### **GRADING METHODS**

A great deal of misunderstanding over grades will be avoided if the instructor explains grading methods to the students at the beginning of the school term. That explanation must accompany a written description of the instructor's grading method in the class syllabus, including numbers and types of exams, quizzes, etc., and their point or percentage values.

Instructors may follow any method of grading they desire, as long as it is based on a sound and fair academic procedure. Mid-term and semester grades are designated in terms of letters, which may be interpreted as follows:

A	=	Excellent	90-100
B	=	Good	80-89
C	=	Average	70-79
D	=	Passing	60-69
F	=	Failure	59-Below

## EXAMINATIONS, GRADING AND WITHDRAWAL

I	=	Incomplete
W	=	Withdrew
EW	=	Enforced Withdrawal
Q	=	Quit Assigned for students who have excessive absences but to not receive an "F" for the course

**I** becomes an **F** if the student does not complete remaining work during the first six-weeks of the subsequent semester. If the student completes the necessary work, the instructor should complete the "Request for Grade Change" and submit it to the Vice President of Academic Affairs. A student's grade may be changed to remove an "I," to correct miscalculation, or to correct a data entry error. A student who withdraws from a course before the published "last day to drop" will receive a "W." After that, an earned grade must be assigned by the instructor.

Developmental courses (college preparatory) are graded on an **A, B, C, F, P, W,** and **EW** basis. Developmental courses are calculated in the student's Overall GPA. The grade of **EW** stands for **Enforced Withdrawal**. This grade will be applied administratively to distinguish between an institutionally enforced withdrawal and a student-initiated withdrawal. Grade point averages are computed by assigning values to each grade as follows:

<b>A</b> .....	4 points	<b>F</b> .....	0 points	<b>W</b> .....	0 points
<b>B</b> .....	3 points	<b>P</b> .....	0 points	<b>EW</b> .....	0 points
<b>C</b> .....	2 points	<b>Q</b> .....	0 points		

It is also the policy of Southwest Texas Junior College that student grades be determined on the basis of the students' performance in learning the course curriculum. Enhancement of grades based on students' participation in activities that take place outside the classroom, laboratory, or library is permitted if the activity is related to one or more of the approval learning outcomes of the course.

Under no circumstances shall academic credit be granted for fund-raising activities.

### PERMANENT RECORD GRADES

The "Request for Grade Change Form" will be completed by each instructor when a student's grade must be changed. This form will be kept in the student's permanent file by the Registrar.

## **FACULTY REGULATIONS AND PROCEDURES RECORDS REPORTS AND SYLLABI**

### **REPORTS**

Instructors will file promptly reports required by the administrative officers of the college.

### **CLASS ROLLS AND MID-SEMESTER GRADES**

Through WebAdvisor, instructors access official student rosters for each of their classes provided every semester by the Registrar's Office. Faculty verify, correct, and return these rosters to the Registrar's Office at designated times.

Mid-semester grades for all students must be submitted via WebAdvisor by faculty according to deadlines provided by the Registrar's Office. Faculty will record mid-semester grades as 'A,' 'B,' 'C,' 'D,' or 'F.' These letter grades do not have to correspond to exact numerical grades but should represent students' status at mid-term.

### **GRADE BOOK**

Instructors must enter and save all student grades in the Grade Book feature/function of Canvas or the currently required Learning Management System. Instructors must enter and save grades in a timely manner, and students must have access to all grades assigned during a given semester.

### **SYLLABI**

All instructors are required to have a syllabus for each course and laboratory they teach and make the syllabi available to students. An electronic copy of each syllabus, by semester be on file in the Syllabus Manager. Division Chairs are responsible for maintaining current master Syllabi for all courses offered in their division.

## **FACULTY REGULATIONS AND PROCEDURES ATTENDANCE AND ABSENCE**

### **FACULTY ABSENCES**

When instructors are as much as fifteen minutes late to a class, students are entitled to a "walk". When unable to meet a class, instructors should notify, as appropriate, the Division Chair, the Vice President of their campus, the Dean of Liberal Arts and Adult Education and Literacy or Applied Sciences and Workforce Education, or the Vice President of Academic Affairs as far in advance as possible. Instructors should also provide, via electronic or other means, assignments and a brief description of the work to be done in their class (es) during their absence.

Instructors are expected to meet classes punctually and regularly. Unexcused absence is just cause for the college to withhold a day's pay. Unexcused tardiness is also just cause for the college to withhold one-fourth day's pay.

### **STUDENT ABSENCES**

#### **Regular College Class Attendance Policy**

Students are expected to regularly attend all classes in which they are enrolled and are responsible for the completion, if permitted, of all work missed because of an absence. Any class work missed because of an absence and not completed may affect the grade of the student regardless of the reason for the absence. The manner in which make-up work for absences is administered is left to the professional discretion of the individual faculty member. SWTJC makes no distinction between excused or unexcused absences. Therefore, the instructor may count all absences except when prohibited by State law or statute.

According to State law there may be a valid reason for a student's absence from class. Acceptable reasons are, but not limited to: personal illness, death in the immediate family, religious holy days in compliance with Section 51.911 of the Texas Higher Education Code, military or legal obligations, or school trips. It is the responsibility of the student to inform the instructor of an absence related to one or more of the aforementioned categories and to ask for make-up work. A high school student who misses class due to a required function at their school district or a University Scholastic League (UIL) event will be excused. Documentation of such activities must be provided to the instructor. Arrangements must be made with the instructor prior to the absence. Students must be allowed to complete missed work due to an excused absence without penalty.

An instructor may request the withdrawal of a student from a class when the total number of absences exceeds SWTJC criteria for "Excessive Absences" and the student has failed to make the appropriate contact with the instructor regarding the validity of the absence and the need for make-up work.

SWTJC defines "Excessive Absences" as a student's number of absences having exceeded the equivalent of two weeks of class meetings in a course; specifically: (a) six absences from a class that meets three times per week (typical MWF schedule), (b) four absences from a class that meets two times per week (typical TTH schedule) and, (c) two absences from a class that meets once per week (typical evening course). Attendance counting begins on the official first day of class. When a student reaches the "Excessive Absence" threshold, the instructor may report the student to the Vice President of Academic Affairs. For attendance reporting purposes

for online classes, "attendance" is defined as a student's having logged on and completed a reviewable/gradable activity.

The "Excessive Absences Drop Form" is used for this reporting. If the absences continue, the instructor may initiate an enforced withdrawal by using this "form." Following agreement by the Vice President of Academic Affairs, the student will be dropped from the class. When an instructor requests the enforced withdrawal of a student from a class, a grade of "EW" will be recorded.

### **Developmental Education Class Attendance Policy**

Students are expected to regularly attend all classes in which they are enrolled and are responsible for the completion of all work missed during an absence. Any instruction missed and not completed may affect the grade of the student regardless of the reason for the absence. The manner in which make-up work is administered is left to the professional discretion of the individual faculty member.

The instructor of a developmental education course may request the withdrawal of a student from a class when the total number of absences exceeds the equivalent of two weeks of class meetings in a course; specifically: (a) six from a class that meets three times per week (typical MWF schedule), (b) four from a class that meets two times per week (typical TTh schedule), (c) two from a class that meets once per week (typical evening course), and (d) three from a summer class. Attendance counting begins on the official first day of class. When an instructor requests the withdrawal (drop) of a student from a course due to excessive absences, a grade of EW will be recorded for the student. SWTJC makes no distinction between excused or unexcused absences. Therefore, the instructor may count all absences in reaching the total except when prohibited by State law or statute.

College policy requires that faculty maintain student attendance records in Canvas (or the currently required LMS) throughout a semester. Based on this report, the college will review and assess the situation of students not showing regular attendance and withdraw students who do not take corrective action. At times other than these, the option of forced withdrawal is left to the course instructor (see above).

Students who test below the "college ready" threshold on the TSI Assessment and whose individual education plan calls for enrollment in one or more developmental instruction areas must remain enrolled in at least one of those areas or they may be withdrawn from all classes.

### **Attendance Reporting Procedure**

The primary purpose of the SWTJC Attendance Procedure is to strongly encourage students to attend class. In fall 2012, faculty began recording attendance daily on the college's portal system, Canvas. This has made possible the collection of real time attendance data resulting in more timely interventions to get students back to regular attendance. This improvement is reflected in the procedure described below.

## **FACULTY REGULATIONS AND PROCEDURES NON-CREDIT AND CONTINUING EDUCATION COURSES**

Courses designated as non-credit or continuing education may be provided by the College in accordance with state statutes and the regulations and standards formulated by the Texas Higher Education Coordinating Board and the Southern Association of Colleges and Schools, Commission on Colleges. The following procedures and guidelines will be adhered to in order to offer a non-credit or continuing education course:

1. The Dean of Applied Sciences and Workforce Education shall coordinate all non-credit and continuing education courses offered by the College, including recruitment and selection of instructors.
2. The intent of the costs levied for the course is for the course to be self-supporting. Therefore, a budget shall be developed and tuition determined to comply with this intent. If substantial costs for a course are defrayed by an outside entity, tuition and fees will be calculated accordingly.

A Continuing Education Unit is defined as ten contact hours of instruction in a non-credit course of study. Under this system ten contact hours equal one CEU.

The Continuing Education Unit (CEU) will be used as the basic means for recognizing an individual's participation in, and for recording the offering of non-credit classes, courses and programs.

The criteria established by the Southern Association of Colleges and Schools, Commission on Colleges for the awarding of CEU's shall be used to plan all non-credit courses.

The registrar or the office of the Dean of Workforce Education, as appropriate, shall keep a transcript for each individual completing a non-credit course of study. This record will contain the following:

1. Course Title
2. Beginning Date
3. Ending Date
4. Number of Contact Hours
5. Number of CEU's Awarded

## **CRITERIA FOR THE AWARDING OF THE CEU AND THE ESTABLISHMENT OF NON CREDIT COURSE**

1. The non-credit activity is planned in response to an assessment of educational need for a specific target population.
2. There is a statement of objectives and rationale.
3. Content is selected and organized in a sequential manner.
4. There is evidence of pre-planning which should include opportunity for input by a representative of the target group to be served, the faculty area having content expertise, and continuing education personnel (personnel responsible for non-credit programs).
5. The activity is of an instructional nature and is sponsored or approved by an academic or administrative unit of the institution best qualified to affect the quality of the program content and to approve the resource personnel utilized.
6. There is provision for registration for individual participants and provision of data for individual reporting.
7. Appropriate evaluation procedures are utilized and criteria are established for awarding CEU's to individual students prior to the beginning of the activity. This may include the evaluation of student performance, institutional procedures, and course effectiveness.

## **FACULTY REGULATIONS AND PROCEDURES PERSONAL AND ACADEMIC CONDUCT**

### **PROFESSIONAL AND PERSONAL ETHICS**

All persons employed by the Board of Trustees of Southwest Texas Junior College assume the obligation to conduct themselves in accordance with the ideals of the higher education profession. Their personal life should reflect integrity and dignity of conduct. Habits of dress, drinking or other activities that may dissipate the morals of the individuals or their students will be considered a breach of professional ethics by the Board of Trustees and will be grounds for terminating employment.

### **ACADEMIC PREPARATION**

Faculty members are expected to maintain themselves as competent scholars in their chosen academic fields, constantly growing in the knowledge of the subject and in the ability to present it effectively.

Faculty members should familiarize themselves with current degree plans in their major field to help students select their college program wisely.

### **FACULTY - DIVISION CHAIR**

It is important for faculty members to realize they are first responsible to the division chair of their academic division. Any question regarding college policy or any academic problem should be referred first to the division chair. This is a matter of courtesy and of policy.

### **FACULTY ADVICE AND COUNSEL**

Faculty Role and Responsibility in Institutional Governance

The responsibilities and authority of the Faculty on academic and governance matters are established through faculty representation on College committees. These Committees provide Faculty a voice in policy development and in decision related to College governance. Faculty members also have a role in governance matters through participation in institutional planning and the annual budget planning process.

## **FACULTY/STAFF REGULATIONS AND PROCEDURES INFORMATION TECHNOLOGY PROCUREMENT POLICY**

### **Purpose**

The purpose of the IT equipment purchasing policy is to establish standards, minimum performance capabilities and security of information, which also provides cost-effective standards for all end user computer hardware, software, mobile devices, printers, storage, servers, and cloud services for Southwest Texas Junior College. These standards allow Information Technology to leverage economies, streamline operations, minimize down-time and provide for a higher quality service.

### **IT Hardware & Software Procurement Guidelines**

- Information Technology is the primary authority for purchasing IT hardware, software, and services for the College. These include laptops, desktops, tablets, phones, mobile devices, printers, storage, servers, and cloud services.
- A department or individual must purchase computer hardware and software through IT. Hardware or software not purchased through IT may not be eligible for reimbursement.
- Items purchased using any college funds including individual grants, remain property of the College and not the individual or department.

### **IT's Commitment to the Process**

- Providing consulting services including designing the optimal specifications which meet the individual or department requirements.
- Obtaining the best price and/or service.
- Prompt delivery and installation of equipment and software.

Justifications can be submitted on the appropriate Hardware/Software request form.

Purchasing will only process requests with approval from Information Services, and Information.

Services will only proceed with the requested approval of the party's immediate supervisor and the Department Vice President. Upholding these standards and regulations is a joint effort between Purchasing and the department of Information Technology.

- Requests are made through a Hardware/Software request Form that can be obtained from the Help Desk or the IT Directors Sharepoint site.

- Apple products cannot be purchased on a credit card from retail locations, or Apple.com, they MUST be ordered through a PO, and therefore may take longer to process than those items that are in stock.
- Non-approved app purchases on College-Owned Wireless Communication Devices will be the financial responsibility of the assignee.

## **FACULTY/STAFF REGULATIONS AND PROCEDURES**

### **SEXUAL ASSAULT POLICY AND PROCEDURES**

Southwest Texas Junior College reaffirms the principle that students, faculty, and staff have a right to be free from any form of sexual offense. Sexual offenses are unlawful. They will not be tolerated.

Sexual assaults include rape, sexual battery, corruption of a minor, gross sexual imposition and public indecency.

Any student or employee who believes a sexual offense has occurred is strongly encouraged to report the matter promptly and to preserve any evidence intact.

Resident students should also report any sexual offenses to the most readily available hall director or resident assistant.

Complaints involving sexual abuse will be reported to the police who will take action pursuant to civil law. Victims should contact the police regardless of whether they intend to press charges. It is important that reporting the incident does not obligate the victims to press charges. Going to the hospital does not mean that the victim will have to press charges.

Victims should consider seeking support from a relative, resident assistant, good friend or counselor.

Complaints of sexual offense will be responded to promptly and equitably. The right to confidentiality of all members of the college community will be respected in so far as possible. Retaliation against individuals bringing complaints of sexual assault is specifically prohibited.

A victim who wishes to file an informal or formal complaint of sexual assault against a student should notify the Vice-President of Student Services, who will conduct the investigation and any hearing.

Possible sanctions for students found guilty of sexual offenses include those cited in the sanctions portion of the student conduct code in the student handbook.

The SWTJC Police Department is such authority for Southwest Texas Junior College and must receive the required offender registration.

Texas Government Code 508.225 provides for a parole panel to establish a "child safety zone" applicable to a releasee under given circumstances. The panel may require as a condition of parole or mandatory supervision that the releasee not "go in, on, or within a distance specified by the panel of premises where children commonly gather, including a school, day-care facility,..."The frequent presence of children on SWTJC campuses and instructional sites requires that sex offenders on parole or probation check with their parole or probation officers to learn if an SWTJC campus or other SWTJC site has been set as a "child safety zone." Those releasees who fall under a prohibition referenced in this paragraph may take Distance Learning classes, but only if their presence on campus or on site is not required.
